Visit of Prime Minister Sheikh Hasina
A boost in ties with Singapore

BANGLADESH: Prime Minister Sheikh Hasina paid an official visit to Singapore at the invitation of Prime Min-
ister Lee Hsien Loong. Sheikh Hasina, in her recent visit to Singapore, signed a number of important agreements including an MOU on co-development of the Bangladesh Satellite-1 to be launched into space.

Bangladesh is elevated from being a least developed country (LDC) to a developing country in three
years of being in the developing country. As a nation, it is a great achievement for us to become a LDC and is being treated as a role model in the world.

Message from Hon’ble Foreign Minister for Foreign Affairs

Today, 26th March is the glorious Independence and National Day of Bangladesh. On this very day in 1971, our great leader, Bangabandhu Sheikh Mujibur Rahman declared independence of our beloved motherland. On this auspicious occasion, I recall with deep reverence the greatest Bangla of all time, our Father of the Nation, Bangabandhu Sheikh Mujibur Rahman whose clarion call the Bengalis started the War of Liberation against the Pakistan occupying forces. I pay my profound homage to the three million martyrs, three million dollars who made the supreme sacrifice and millions who suffered and red and green. My respectful salute goes to all freedom fighters including our wounded war heroes. On this momentous day, I express sincere gratitude to all foreign friends, expatriate Bangladeshis, members of diplomatic front who accompanied our victory by extending all possible support during the Liberation War of Bangladesh.

Our Father of the Nation, the great leader of the entire race of Bangalees, started the War of Liberation against the Pakistan occupying force to achieve our freedom. He declared independence of our country and also a better world for our future generations.

Joy Bangla, Joy Bangladesh.

A. K. Abdul Kader
Minister for Foreign Affairs

Words from the High Commissioner

On the occasion of the Independence and National Day of Bangladesh, I pay homage to the martyrs, freedom fighters and their beloved heroïne, who made supreme sacrifice for our liberation. I also take this opportunity to congratulate our respective community at this auspicious moment.

One of the main objectives of our struggle for liberation was to build a peaceful and prosperous nation. Since independence, we have been making sincere efforts to achieve this objective. Bangladesh today stands atop the pedestal of nations of the world with its own community on Rohingya issue and significant in terms of depth and dimension. We have reached a new height in recent years, both internationally and in the region. International organisations and the United Nations have expressed sincere gratitude to all foreign friends, expatriate Bangladeshis, members of diplomatic front who accompanied our victory by extending all possible support during the Liberation War of Bangladesh.

The Government of Bangladesh, particularly under the leadership of Prime Minister Sheikh Hasina, has successfully managed a consistent GDP growth rate of around 6% for many years. We are thankful to the government of Bangladesh for their sincere efforts to achieve these objectives. The relationship between Bangladesh and Singapore is multifaceted and based on shared values and common aspirations. In international forums, we are cooperating with each other, for example, in combating adverse effects of climate change, fighting global scourge of radiation and extremism, building rule-based and fair global order.
